11. Scope of Work.

TEACHER EDUCATION FIELD EXPERIENCE

“Field Experience” as used herein refers to brief (eight week) periods in which a candidate, enrolled in field experience embedded courses in the university teacher preparation program, observes and interacts with students in small group settings and may have limited whole class involvement under the direct supervision and instruction of one or more classroom host teachers. With the guidance of the classroom host teacher, the candidate may participate in small group instructional activities. With the guidance of the classroom host teacher, the candidate may participate in formal assessments to individual K-6 students and/or small groups of students during their field experience. The candidate may be required to observe in a variety of settings to meet course expectations and will document 10 hours of field experience per each field experience embedded course. Field Experience is not commensurate with Student Teaching.

Field Experience is to be completed under the direct supervision of a host teacher(s) who currently hold(s) a valid Clear Teaching Credential in the content area for which they are providing supervision and have a minimum of three years of content area K-6 teaching experience. It is the expectation that the classroom where candidates complete field experience will consist of K-6 students and include students who are English learners, students on an IEP or 504 Plan, students who qualify for GATE, and/or students from an underserved group. The classroom curriculum must align with California's adopted content standards and frameworks. At the conclusion of the Field Experience, the host teacher(s) will be asked to complete a short verification form to verify the candidate's field experience.

The University will ensure candidates who participate in field experience have met the requirements of (a) California Basic Skills requirement (BSR), (b) possessing a valid certificate of clearance or other valid CTC document, and (c) current enrollment in a field experience embedded course. The University will provide support to the candidate through the direction and discussion provided within the field experience

embedded course. Assignments directly related to the candidate's field experience, in the form of reflection logs and written assignments, will be required and evaluated by the course instructor.

TEACHER EDUCATION STUDENT TEACHING

“Student teaching” as used herein and elsewhere in this agreement means active participation in the duties and functions of classroom teaching under the direct supervision and instruction of employees of the District (a) holding a valid Clear Teaching Credential in the content area for which they are providing supervision and (b) have a minimum of three years of content area K-6 teaching experience. The district supervisor must have demonstrated exemplary teaching practices as determined by the District and University. It is preferable that the supervising teacher not have additional district or school-based assignments that cause them to be absent from the classroom for extended periods of time.

The University shall provide district-employed supervisors a minimum of 2 hours of initial orientation to the program curriculum, and access to a minimum of 8 hours of training about effective supervision approaches such as cognitive coaching, adult learning theory, and current content-specific pedagogy and instructional practices.

The District agrees to provide a supported teaching experience in District classrooms for candidates who are assigned by the University to student teaching. Classrooms, where candidates complete student teaching, must include K-6 students who are English learners, on an IEP, 504 Plan, students who qualify for GATE, and/or students from an underserved group. Such student teaching shall be provided in such schools or classes of the District, and under the direct supervision and instruction of such employees of the District, as the District and the University through their duly authorized representatives may agree upon. It is understood that the matching of the candidate and district-employed supervisor must be a collaborative process between the school district and the university.

The University shall ensure student-teacher placement in locations where the candidate is able to video record his/her teaching with K-6 students for the purposes of implementing the video requirement for the California Teaching Performance Assessment (CalTPA), observations, and instructional reflection. The University requires candidates to affirm that they have followed all applicable video policies of the District for the CalTPA task requiring a video.

The District recognizes the importance of facilitating placements that allow teacher candidates to complete the California Teaching Performance Assessment (CalTPA), and has necessary policies and procedures in place related to the appropriate use of video for instruction and assessment. The District recognizes that the teacher candidate may use video capturing to record their classroom instruction and submit it online for review as part of the university mentor observation and formative feedback process.

The District may, for good cause, refuse to accept any candidate of the University assigned to student teaching in the District. Upon request of the District, made for good cause, the University shall terminate the student teaching assignment of any candidate of the University.

The University will ensure candidates who participate in student teaching have satisfied the additional requirements of (a) meeting the California Basic Skills requirement (BSR), (b) demonstrating Subject Matter Competence, (c) meeting U.S. Constitution, (d) possessing a valid certificate of clearance, (e) have a negative TB test within 2 years of the end date of the student teaching assignment.

"Full-time student teaching" is an assignment for the regular school day (at least seven hours) including all duties normally performed by a teacher. The student teaching semester is to align with the school of placement.

At the elementary level, a full-time assignment is a full school day (at least seven hours) for the full semester according to the district calendar for students. Candidates have the option to request the semester be split in half between two placements: half in a primary (K-3) classroom and half in an upper grade (4-6) classroom. For this, the University will pay the District a Master Teacher Stipend for performance by the District of all services required at a rate of one hundred dollars (\$100) for each half semester.

An assignment of a candidate of the University to student teaching in schools or classes of the District shall be, at the discretion of the University for one semester; a fall semester to be approximately middle/end of August to December and a spring semester to be approximately the beginning of January to the beginning/middle of June.

Within a reasonable time following the close of each assignment, the University will send a Master Teacher Stipend Summary Sheet to the District and the District shall submit an invoice, to the University for payment, at the rate provided herein, for all student teaching assignments provided by the District under and in accordance with this agreement during said semester.

An Intern candidate is authorized to assume the functions authorized by the appropriate Multiple Subject Credential. The Intern candidate's services meet the instructional or service needs of the participating district. Reference: Education Code Section 44458. The Intern candidate does not displace other certificated employees in the participating district, and this agreement meets the District's contractual specifications with certificated employees.

The District will assign each Intern candidate a certified mentor/support provider who will be responsible for overseeing and offering support to the Intern candidate throughout the internship teaching year. The District agrees to provide the University with the name of the mentor/support provider for each term. The certified mentor/support provider must (a) hold a valid corresponding Clear or Life credential, (b) have completed a minimum of three years of successful teaching experience, (c) have EL Authorization if he/she is providing supervision and support to a candidate who does not have EL Authorization.

The University shall provide district-employed supervisors a minimum of 2 hours of initial orientation to the program curriculum, and access to a minimum of 8 hours of training about effective supervision approaches such as cognitive coaching, adult learning theory, and current content-specific pedagogy and instructional practices.

The District must ensure sufficient resources are provided including the identification of protected time for district-provided support providers to work with the Intern candidates within the school day to deliver the appropriate support/mentoring and supervision to the candidate and an evaluation of the site support that is provided.

The employing district will develop and implement a Professional Development Plan for the Intern candidate, which will include an annual evaluation. For Intern candidates teaching in inclusive kindergarten through 6th-grade settings, the Professional Development Plan must include instruction during the first semester of service which includes child development and teaching methods, as well as, special education programs for pupils with mild and moderate disabilities. The University will make available a description of the courses to be completed by the Intern.

The District and the University will work in partnership to provide a minimum of 144 hours of

support/mentoring and supervision to each Intern candidate each school year. Intern candidates without EL authorization are required to receive 45 hours of EL support. No intern's salary may be reduced by more than 1/8 of its total to pay for supervision, and the salary of the intern shall not be less than the minimum base salary paid to a regularly certificated person. If the intern salary is reduced, no more than eight interns may be advised by one district support person. Reference: Education Code Section 44462.

The District will provide approximately 2/3 of the support/mentoring and supervision in the form of content-specific coaching; grade level or department meetings; new teacher orientation; coaching from an administrator; co-planning with a special educator or English learner expert to address special needs or English learner students; demonstration lessons or co-teaching activities with a mentor/support provider, coach or supervisor; Intern candidate observation of other teachers and classrooms; editing work-related writing; professional learning communities activities addressing issues in the intern's classroom; OR other support and supervision activities. The University will provide approximately 1/3 of the support/mentoring and supervision in the form of field mentors, seminars, peer/faculty support; classroom observations and coaching; Intern observation of other teachers and classrooms; email, phone, and/or video conferencing support related to observations, problem-solving, planning curriculum, and/or instruction; professional literature/research discussion groups facilitated by appropriately credentialed program faculty; OR other support and supervision activities. The University is responsible for the documentation of support/mentoring and supervision.

The District and the University agree to the allocation of additional personnel, time, and resources for individuals who have not yet earned an English learner authorization. The participating district will identify an individual who is immediately available to assist Intern candidates with planning lessons that are appropriately designed and differentiated for ELs, for assessing language needs and progress, and to support language-accessible instruction. This individual must have an EL authorization.

The University shall ensure Intern Teacher assignments take place in locations where the candidate is able to record his/her teaching with K-6 students for the purposes of implementing the video requirement for the California Teaching Performance Assessment (CalTPA), observations, and instructional reflection. The University requires candidates to affirm that they have followed all applicable video policies of the District for the TPA task requiring a video.

The District recognizes the importance of facilitating placements that allow Intern candidates to complete the California Teaching Performance Assessment (CalTPA) and has necessary policies and procedures in place related to the appropriate use of video for instruction, and assessment. The District recognizes that the Intern candidate may use video capturing to record their classroom instruction and submit it online for review as part of the university mentor observation and formative feedback process.

The District and the University agree to provide access to those who will be evaluating the performance of the candidate to provide knowledge on the performance of Intern candidates and any areas of needed additional support or supervision.
